

RETRO TALK

AN INTIMATE VIEW INTO THE STUNNING CAREER

«The Retro Festival» is one of the highlights in Lucerne's calendar of events. Each year in May, stars of the 1970s and 1980s put in guest appearances in Lucerne. Over the three days of the Retro Festival the chart-toppers from those two decades perform exclusive concerts in the intimate setting of the Hotel Schweizerhof Luzern. To honor the artist and their stunning career, shortly after the concert, there is our well respected «Retro Talk».

Here the guests can enjoy another highlight in a historical and glamorous room of the hotel, right next to the concert venue. Art Director & Host Phil Dankner is talking with the artists about their career, the good old days and current projects.
